

Technical Requirements

VENUE shall provide the following equipment at its sole expense and at no cost to ARTIST.

1. STURDY STAGE of approximate size 12' L x 9' W.
2. A high quality STEREO SOUND REINFORCEMENT SYSTEM suitable for the venue is required, sufficient in size to provide good coverage to all parts of the venue (i.e. EAW, EV, MEYER, JBL.)
3. MIXING CONSOLE: The console should be CENTRALLY LOCATED in the venue, and should be of professional quality (i.e. Soundcraft, Midas, Yamaha, Allen & Heath). A sound engineer can be provided (at extra cost) if there is no one qualified and/or available to run sound. This can be determined per individual contract.
4. MONITORS: The VENUE must also provide two (2) downstage WEDGE MONITORS.
5. MICROPHONES: See attached mic listings.
6. DIRECT INPUTS: The VENUE will provide two (2) DI inputs suitable for one (1) ukulele and one (1) acoustic/electric guitar each with quarter inch inputs.
7. MICROPHONE STANDS, XLR CABLES, ¼ INCH CABLES: VENUE shall provide appropriate stands and cables for instrument and vocal amplification. See mic listing below for vocal specs. Additionally, (3) vocalists require (3) BOOM stands.
8. LIGHTING: VENUE must provide lighting sufficient to illuminate the full band along with an operator familiar with the system. A general wash using bold colors (red, violet, amber, blue, green) along with a center spot light is suggested.
9. STAGEHANDS: Stagehands should be available upon band arrival to assist with load-in and load-out.
